Article III — Declaration and Payment of Tax

§ 80-301 Application.

Income taxes shall be applicable to taxable income earned or received based on the method of accounting used by the taxpayer in the period beginning January 1 of the current year and ending December 31 of the current year, except that taxes imposed for the first time and changes to existing tax rates shall become effective on January 1 or July 1, as specified in the ordinance, and the tax shall continue in force on a calendar year or taxpayer fiscal year basis, without annual reenactment, unless the rate of the tax is subsequently changed.

[Ord. 498 11-30-2011]

§ 80-302 Fiscal Year Taxpayers.

For a taxpayer whose fiscal year is not a calendar year, the tax officer shall establish deadlines for filing, reporting and payment of taxes which provide time periods equivalent to those provided for a calendar year taxpayer.

[Ord. 498 11-30-2011]

§ 80-303 Partial Domicile.

The taxable income subject to tax of a taxpayer who is domiciled in the Borough for only a portion of the tax year shall be an amount equal to the taxpayer's taxable income multiplied by a fraction, the numerator of which is the number of calendar months during the tax year that the individual is domiciled in the Borough and the denominator of which is 12. A taxpayer shall include in the numerator any calendar month during which the taxpayer is domiciled for more than half the calendar month. A day that a taxpayer's domicile changes shall be included as a day the individual is in the new domicile and not the old domicile. If the number of days in the calendar month in which the individual lived in the old and new domiciles are equal, the calendar month shall be included in calculating the number of months in the new domicile.

[Ord. 498 11-30-2011]

§ 80-304 Declaration and Payment.

Except as provided in § 80-302 (relating to Fiscal Year Taxpayers), taxpayers shall declare and pay income taxes as follows:

(a) **Final Return.** Every taxpayer shall, on or before April 15 of the succeeding year, make and file with the resident tax officer, a final return showing the amount of taxable income received during the period beginning January 1 of the current year and ending December 31 of the current year, the total amount of tax due on the taxable income, the amount of tax paid, the amount of tax that has been withheld under section 512 of the LTEA, 53 PA. STAT. ANN. § 6924.512, and the balance of tax due. All amounts reported shall be rounded to the nearest whole dollar. At the time of filing the final return, the taxpayer shall pay the resident tax officer the balance of the tax due or shall make demand for refund or credit in the case of overpayment.

(b) **Declaration of Estimated Net Profits; Quarterly Payments.** Every taxpayer making net profits shall, by April 15 of the current year, make and file with the resident tax officer a declaration of the taxpayer's estimated net profits during the period beginning January 1 and ending December 31 of the current year, and shall pay to the resident tax officer in four equal quarterly installments the tax due on the estimated net profits. The first installment shall be paid at the time of filing the declaration, and the other installments shall be paid on or before June 15 of the current year, September 15 of the current year and January 15 of the succeeding year, respectively.

(c) **Net Profits: Declaration and Payment After April 15.** Any taxpayer who first anticipates any net profit after April 15 of the current year shall make and file the declaration required on or before June 15 of the current year, September 15 of the current year, or December 31 of the current year, whichever date next follows the date on which the taxpayer first antici-

pates such net profit, and shall pay to the resident tax officer in equal installments the tax due on or before the quarterly payment dates that remain after the filing of the declaration.

(d) Net Profits: Final Return. Every taxpayer shall, on or before April 15 of the succeeding year, make and file with the resident tax officer a final return showing the amount of net profits earned or received based on the method of accounting used by the taxpayer during the period beginning January 1 of the current year, and ending December 31 of the current year, the total amount of tax due on the net profits and the total amount of tax paid. At the time of filing the final return, the taxpayer shall pay to the resident tax officer the balance of tax due or shall make demand for refund or credit in the case of overpayment. Any taxpayer may, in lieu of paying the fourth quarterly installment of the estimated tax, elect to make and file with the resident tax officer on or before January 31 of the succeeding year, the final return.

(e) Net Profits: Adjusted Declarations. The Department, in consultation with the Department of Revenue, shall provide by regulation for the filing of adjusted declarations of estimated net profits and for the payments of the estimated tax in cases where a taxpayer who has filed the declaration required under this subsection anticipates additional net profits not previously declared or has overestimated anticipated net profits.

(f) Discontinuance of Business. Every taxpayer who discontinues business prior to December 31 of the current year, shall, within 30 days after the discontinuance of business, file a final return as required under this paragraph and pay the tax due.

(g) Declaration and Payment of Quarterly Tax on Other Income Not Subject to Withholding. Every taxpayer who receives any other taxable income not subject to withholding under section 512(3) of the LTEA, 53 PA. STAT. ANN. § 6924.512(3) shall make and file with the resident tax officer a quarterly return on or before April 15 of the current year, June 15 of the current year, September 15 of the current year, and January 15 of the succeeding year, setting forth the aggregate amount of taxable income not subject to withholding by the taxpayer during the three month periods ending March 31 of the current year, June 30 of the current year, September 30 of the current year, and December 31 of the current year, respectively, and subject to income tax, together with such other information as the department may require. Every taxpayer filing a return shall, at the time of filing the return, pay to the resident tax officer the amount of income tax due. The department shall establish criteria under which the tax officer may waive the quarterly return and payment of the income tax and permit a taxpayer to file the receipt of taxable income on the taxpayer's annual return and pay the income tax due on or before April 15 of the succeeding year.
