Article III — Collection and Disposition of Collectible Municipal Waste

§ 67-301 Municipal Collection Program.

Except as provided in § 67-305, all collectible municipal waste generated or present within the Borough shall be collected, transported, and disposed of by the Borough or its Contractor. All persons within the Borough of Alburtis shall dispose of collectible municipal waste by the municipal collection service only.

§ 67-302 Receptacles.

(a) **In General.** All collectible municipal waste placed for collection by the Borough or its Contractor, other than riff-raff, shall be placed in bags, garbage cans, or other receptacles, which comply with all applicable regulations promulgated hereunder. Without limitation, such regulations may include requirements relating to size, weight, materials, and closure. In addi-

tion, Borough Council may require, by Resolution, that any or all collectible municipal waste, other than riff-raff, be placed for collection in special bags or other receptacles sold or supplied by the Borough or its agents, and/or that any or all receptacles and/or riff-raff placed for the collection of municipal waste bear a special tag, sticker, or similar device, sold or supplied by the Borough or its agents. These special receptacles or devices may be required to assist in implementing a "per bag" fee program, to accommodate any handling, collection, transportation, or disposition concerns, to reduce the costs of collection, transportation, or disposition, or to accomplish any other proper purpose related to the municipal waste collection program.

(b) Initial Rules. Until changed by regulations authorized under this Chapter, the following rules apply to collectible municipal waste placed for collection by the Borough or its Contractor:

(1) Except for riff-raff and bundles of construction and demolition debris described in § 67-219(h)(3), all collectible municipal waste must be placed for collection in one or more of the following containers:

(A) a plastic sack (plastic garbage bag) which is designed to store solid waste, has sufficient wall strength to maintain physical integrity when lifted by the top, and does not weigh more than thirty-five (35) pounds, including the contents, and which is securely tied or otherwise closed to prevent any materials from escaping;

(B) a receptacle (garbage can) with a capacity less than thirty-five (35) gallons, constructed of plastic, metal, or fiberglass, having handles of adequate strength for lifting, having a tight fitting lid capable of preventing entrance into the container by vectors and spillage, leakage, or other discharge from the container of any of its contents, which is securely in place, having a mouth whose diameter is equal to or greater than that of the base, and which does not weigh more than sixty (60) pounds, including the contents. The receptacle itself shall not be collected from the property;

(C) a dumpster of a type and size reasonably acceptable to the Borough or its Contractor, and actually accepted by the Borough or its Contractor. Any such dumpster shall be kept in good repair, appearance, and in a sanitary condition at all times, and such that neither objectionable odors, noxious gasses, nor putrescent liquid shall escape therefrom.

(2) Collectible municipal waste for a given property must be placed for collection on the property or an abutting public right-of-way (but not within a street cartway or in any fashion which blocks the use of a sidewalk), and at a point which is no more than ten (10) feet from a public street or alley curb line and is accessible to the Borough or its Contractor at ground level.

(3) Notwithstanding paragraph (2), if a dumpster is utilized for the collection of collectible municipal waste, the dumpster may be placed in any location accessible by and acceptable to the Borough or its Contractor, and which is not otherwise prohibited under any applicable statute, regulation, rule, ordinance, resolution, ruling, order, decision, decree, deed, lease, contract, deed restriction, recorded plan, or other legally-binding limitation.

§ 67-303 Amount of Waste to be Collected.

Borough Council may establish, by Resolution or by the terms of a contract with a Contractor under § 67-601, the maximum amount and/or types of collectible municipal waste which

will be collected by the Borough or its Contractor from any given property, over the course of a year and/or at any particular collection, in consideration for the payment of any specific fee established under § 67-701. The Borough or its Contractor will collect all of the collectible municipal waste generated or present on that property upon the payment of proper fees, but may refuse, at any time, to collect any collectible municipal waste which is in excess of the maximum amount for which a fee has been paid and/or of a different type than that for which a fee has been paid.

§ 67-304 Refusal to Collect Waste.

The Borough or its Contractor may refuse, at any time, to collect any collectible municipal waste if that waste is presented in such a way as to violate any of the provisions of this Chapter and/or the regulations promulgated hereunder. The refusal of the Borough or its Contractor to collect any collectible municipal waste from any particular property at any particular time, whether under this section or under § 67-303, shall in no manner relieve the property owner or the person generating the waste from his/her/its obligations under this Chapter, including, without limitation, his/her/its obligations to dispose of all collectible municipal waste through the municipal collection system, to not allow any accumulations of refuse other than for the purpose of collection in a timely manner, and to not permit or engage in any actions or inactions prohibited under Article VIII.

§ 67-305 Permits for Private Disposal of Collectible Municipal Waste.

If a property owner has compelling reasons (other than purely financial) for desiring to dispose of any or all of his/her/its collectible municipal waste by a means other than the municipal collection system, he/she/it may apply for a permit from Borough Council for this privilege. Borough Council shall only grant such a permit if it finds that the reasons advanced are truly compelling and that the property owner's proposed method of collection, transportation, and disposal is acceptable, considering the Borough's obligations and potential liability with respect to municipal waste under applicable state and/or federal law. At a minimum, the property owner shall provide proof to Borough Council that all necessary licenses have been obtained and that capacity is available for the property owner in a permitted disposal facility. The decision to grant or deny a permit under this section shall be purely discretionary on the part of Borough Council, and may be conditioned in any relevant manner. No permit shall be for a period in excess of one (1) year, and all permits may be revoked or suspended at any time for cause. (The Borough Manager is hereby authorized to suspend any such permit for cause in exigent circumstances until the next regularly scheduled meeting of Borough Council.) Borough Council may, by Resolution, establish an application fee and/or a permit fee to cover the Borough's reasonable expenses in reviewing permit applications and/or administering permits under this section. All or part of the fees established under § 67-701 *may* be waived by Borough Council, in its absolute discretion, as one of the terms of the permit, *but only* if and to the extent that the costs to the Borough of operating the municipal collection system are expected to be reduced as a result of the diversion of collectible municipal waste in accordance with the permit.

§ 67-306 Disposal Facilities.

All collectible municipal waste generated, collected, and transported from within the jurisdictional limits of the Borough shall be disposed of in accordance with all applicable provisions of law, including the then-applicable Solid Waste Management Plan of the County of Lehigh. (If any person believes that any provision of law, regulation, or the Solid Waste Management Plan is unenforceable, he shall nonetheless comply with such provision until a final order is entered declaring the provision unenforceable, except during any period for which temporary relief from the enforcement of the provision is granted by a court of appropriate jurisdiction.) No such collectible municipal waste may be transported to or disposed of in any disposal facility without the prior written approval of that disposal facility by the Borough (which approval will not be unreasonably withheld).

Article IV — Collection and Disposition of Collectible Recyclable Materials

§ 67-401 Collectible Recyclable Materials.

(a) **Newsprint.** Newsprint is hereby declared to be a mandatory collectible recyclable material.

(b) **Leaf Waste.** Leaf waste is not required to be recycled and is not a voluntary collectible recyclable material. The Borough encourages composting and/or mulching of leaf waste.

(c) **Grass Clippings.** Grass clippings are not required to be recycled, and are not voluntary collectible recyclable materials. The Borough encourages composting and/or mulching of grass clippings.

(d) **Other Mandatory Collectible Recyclable Materials.** The following items are hereby designated as mandatory collectible recyclable materials: aluminum, steel, tin, or bi-metallic food or beverage containers (not including aerosol cans, pots or pans, or aluminum foil); clear or colored glass food or beverage containers (not including ceramics, drinking glasses, window glass, or mirror glass); and #1 (PET or PETE) or #2 (HDPE) plastic containers for food, beverages, laundry, or cleaning items (not including styrofoam, clay pots, or plastic bags).

(e) **Voluntary Collectible Recyclable Materials.** Council hereby designates as voluntary collectible recyclable materials any recyclable materials (other than mandatory collectible recyclable materials) which the Contractor permits to be separated from collectible municipal waste and collected by the Contractor for recycling. These materials may include, but are not limited to, magazines, junk mail, phone books, high grade office paper, and corrugated paper/cardboard. Borough Council may, from time to time, by Ordinance or Resolution, designate other recyclable materials as voluntary collectible recyclable materials.

§ 67-402 Collection Time and Location.

The Borough or its Contractor will collect mandatory and voluntary collectible recyclable materials at such times and in such locations as may be established by regulations promulgated under this Chapter. Until changed by such regulations:

(a) All mandatory or voluntary collectible recyclable materials shall be collected at curbside every other week.

§ 67-403 Separation or Commingling.

Mandatory collectible recyclable materials shall be separated from collectible municipal waste and stored until collection or other disposition. Voluntary collectible recyclable materials which are to be recycled shall also be separated from collectible municipal waste and stored until collection or other disposition. Regulations promulgated under this Chapter may require the separation of certain collectible recyclable materials from other collectible recyclable materials, or permit the commingling of certain collectible recyclable materials. Until changed by such regulations:

(a) the mandatory collectible recyclable materials under § 67-401(d) may be commingled, but they must be separated from all other materials unless otherwise permitted by the Contractor; and

(b) newsprint and the voluntary collectible recyclable materials under the first sentence of § 67-401(e) which are to be placed for recyclable collection may be commingled, but otherwise they must be separated from all other materials unless otherwise permitted by the Contractor.

§ 67-404 Receptacles.

(a) **In General.** All collectible recyclable materials placed for collection by the Borough or its Contractor shall be placed in bags, garbage cans, or other receptacles, which comply with all applicable regulations promulgated under this Chapter. Without limitation, such regulations may include requirements relating to size, weight, materials, and closure. In addition, Borough Council may require, by Resolution, that any or all collectible recyclable materials placed for collection by the Borough or its Contractor be placed for collection in special bags or other receptacles sold or supplied by the Borough or its agents, and/or that any or all receptacles or bundles placed for the collection of collectible recyclable materials by the Borough or its Contractor bear a special tag, sticker, or similar device, sold or supplied by the Borough or its agents. These special receptacles or devices may be required to assist in implementing a “per bag” fee program, to accommodate any handling, collection, transportation, or disposition concerns, to reduce the costs of collection, transportation, or disposition, or to accomplish any other proper purpose related to the municipal recyclable material collection program.

(b) **Initial Rules.** Until changed by regulations authorized under this Chapter, the following rules apply to collectible recyclable materials to be placed for collection by or on behalf of the Borough or its Contractor:

(1) Newsprint and the voluntary collectible recyclable materials under the first sentence of § 67-401(e) which are to be placed for recyclable collection shall be bundled into bundles, and not otherwise placed in bags or other receptacles unless permitted by the Contractor. Each bundle shall be securely tied together to form an easily handled package not exceeding three (3) feet in length, three (3) feet in width, two (2) feet in height, or sixty (60) pounds in weight.

(2) The mandatory collectible recyclable materials under § 67-401(d) shall be placed in authorized recycling containers supplied or sold by the Borough, or in containers to which a recycling sticker supplied or sold by the Borough has been affixed. All such containers shall be securely closed so as to prevent any enclosed materials from escaping.

(3) Collectible recyclable materials that are to be collected “at curbside” must be placed for collection at a point which is no more than ten (10) feet from a public street or alley curb line, and which is accessible to the Borough or its Contractor at ground level.

§ 67-405 Right to Recycle Outside of the Borough Program.

No person shall be required to place any mandatory or voluntary collectible recyclable materials for collection by the Borough or its Contractor. Any person may arrange to have collectible recyclable materials collected and recycled by others, and may retain any profit realized through such recycling, *provided* that if any person operating a commercial, municipal, institutional, or industrial use or a community activity desires to recycle any mandatory or voluntary collectible recyclable materials outside of the municipal collection system, the person must provide the Borough with quarterly statements of the tonnage of materials so recycled, with accompanying documentation.

§ 67-406 Multi-family Rental Unit Owners.

With respect to any particular item of collectible municipal waste or mandatory collectible recyclable material generated or present on any property in the Borough, the owner(s) of the property, the occupant(s) of the property, and any other persons generating such item, shall be jointly and severally responsible for complying with the provisions of this Chapter and the regulations promulgated hereunder. However, if the owner, landlord, or agent of an owner or landlord of multifamily rental housing properties with four (4) or more units establishes a collection system for all mandatory and voluntary recyclable materials at each property, including suitable containers for collecting and sorting materials, easily accessible locations for the containers, and written instructions to the occupants concerning the use and availability of the collection system, such person shall not be responsible for any violations of the recycling provisions of this Chapter by the occupants of the properties.

Article V — Disposition of Unacceptable Waste

§ 67-501 No Collection by Borough Program.

No unacceptable waste shall be deposited for collection by the Borough or its Contractor, except that mandatory collectible recyclable materials may be deposited for collection in accordance with the regulations concerning the municipal recycling program.

§ 67-502 Responsibility for Disposition.

With respect to any particular item of unacceptable waste generated or present on any property in the Borough, the owner(s) of the property, the occupant(s) of the property, and any other persons generating such item, shall be jointly and severally responsible for transporting and disposing, or arranging for the transportation and disposal, of such item in accordance with all applicable federal, state, county, or local statutes, laws, regulations, rulings, plans, determinations, ordinances, resolutions, orders, licenses, and permits.

Article VI — Administration of Borough Program

§ 67-601 Contractors.

Borough Council is hereby authorized to contract for the performance of any or all of the services to be provided by the Borough under this Chapter, and to award a contract therefor from time to time for such period of time as shall be determined by Borough Council. Separate contracts *may*, but need not, be made for collectible municipal waste and for any or all collectible recyclable materials. Any such contract shall require the contractor to assume all responsibility for the collection of the collectible municipal waste and/or one or more collectible recyclable materials in the Borough of Alburtis in accordance with the provisions of this Chapter and regulations, orders, and specifications provided under the authority of this Chapter, and to transport and dispose of all such refuse beyond and outside the boundaries of the Borough of Alburtis. The contract may fix and regulate, in a manner not inconsistent with the terms of this Chapter, the manner, method, and time of collecting and transporting refuse, the type of equipment required for the purpose, the price to be paid for the performance of said contract, the time or times for the payment thereof, and any other matters germane to refuse collection, transportation, or disposition.

§ 67-602 Regulations.

To the extent not already governed by a current contract with a Contractor, the Borough Council shall have authority to make regulations concerning the days of collection, type and location of waste receptacles, and such other matters described in or relevant to this Chapter or which otherwise pertain to refuse collection, transportation, and disposition, as the Borough Council may deem advisable, *provided* that such regulations are not contrary to the provisions of this Chapter or any other Ordinance or Resolution. Borough Council may modify any of such regulations from time to time, subject to the terms of any current contract with a Contractor. The Borough Manager is hereby authorized to issue any temporary regulations under this Chapter which may be necessary, to be effective until the second regular meeting of Borough Council following the issuance of the temporary regulations, unless sooner rescinded by motion adopted by Borough Council.

§ 67-603 Supervision.

The collection, transportation, and disposal of collectible municipal waste in the Borough of Alburtis, and collectible recyclable materials presented for disposition by the Borough or its Contractor, shall be under the supervision of the Borough Manager. The Borough Manager shall periodically provide notice of the requirements of this Chapter and any regulations promulgated hereunder to the property owners, residents, and occupants of property in the Borough, in any manner deemed effective by the Borough Manager.

§ 67-604 Ownership of Refuse Set Out or Deposited for Collection Under the Borough Program.

The ownership of all collectible municipal waste and collectible recyclable materials set out or deposited for collection by the Borough or its Contractor shall be vested in the Borough of Alburtis. All profits realized with respect to such materials shall be the property of the Borough or its Contractor (if agreed by the Borough).

Article VII — Fees

§ 67-701 Schedule of Fees.

(a) **In General.** Borough Council is hereby authorized to establish, from time to time, by Resolution, a schedule of fees for the services provided under this Chapter to be imposed with respect to each developed property in the Borough on which solid municipal waste is generated or present (including industrial properties generating lunchroom or office waste), and/or with

respect to each bag, receptacle, or other unit of collectible municipal waste or collectible recyclable materials placed for collection by the Borough or its Contractor.

(b) Methods of Imposing Fees. Different methods of imposing fees may be charged with regard to different materials (*e.g.*, a “per bag” fee may be charged for leaf waste while a “per property” fee is charged for collectible municipal waste or other collectible recyclable materials), different methods of collection (*e.g.*, drop-off or curbside), or different volume levels (*e.g.*, a base fee for basic service, plus an additional fee [whether “per bag” or an annual fee] for additional volume).

(c) Differentiation among Properties. Different fees may be charged with respect to properties with different types of use (*e.g.*, residential, commercial, municipal, school, institutional, etc.), properties which generate different volumes of refuse, and/or properties which may be differentiated by any other reasonable criteria.

(d) All Properties Charged for “Per Property” Fees. Any “per property” fee shall be collected with respect to a property regardless of whether the property owner elects to utilize the services provided under this Chapter, except as provided under § 67-305 (relating to permits for private disposal of collectible municipal waste).

(e) Sales of Required Receptacles. A “per bag” fee may be imposed by charging a premium for authorized bags or other authorized receptacles sold for use in the Borough program for collecting collectible municipal waste and/or collectible recyclable materials, in addition to the cost of such bags or receptacles.

(f) Incentives. Any fee schedule may include incentives to encourage the recycling of collectible recyclable materials.

(g) Limitation on Amount of Fees. The aggregate fees charged under this Chapter shall not exceed the reasonably anticipated costs to be incurred by the Borough for collecting, transporting, and disposing collectible municipal waste and collectible recyclable materials (either directly or under contract with the Contractor), and administering and enforcing the provisions of this Chapter and any contract with a Contractor, plus a reasonable contingency.

(h) Current Fee Schedule. Unless and until changed or supplemented by action under the preceding subsections of this § 67-701, the schedule of fees for the services provided under this Chapter shall be as follows:

(1) Residential. The owner of a residential dwelling unit in the Borough shall pay a fee for the collection and disposition of municipal waste and recyclable materials under this Chapter of One Hundred Fifty-three Dollars (\$153.00) each calendar quarter for each residential dwelling unit owned, except for any residential dwelling unit not connected to the Borough water system for the entire quarter. The owner of a residential dwelling unit in the Borough who also conducts a business from the property shall pay a quarterly fee of One Hundred Fifty-three Dollars (\$153.00) per equivalent dwelling unit for the collection and disposition of municipal waste and recyclable materials under this Chapter. Each such property shall be assigned a number of equivalent dwelling units based on an estimate of the amount of collectible municipal waste hauled from that property divided by the amount of collectible municipal waste hauled from a typical residential dwelling unit. This number shall be set, from time to time, by the Borough, subject to appeal to the Borough Council. In the absence of any specific action establishing

equivalent dwelling units, the quarterly fee for such a residential dwelling unit shall be One Hundred Fifty-seven Dollars (\$157.00).

(2) **Nonresidential.** The owner of each nonresidential property in the Borough shall pay a quarterly fee of One Hundred Fifty-three Dollars (\$153.00) per equivalent dwelling unit for the collection and disposition of municipal waste and recyclable materials under this Chapter. Each nonresidential property shall be assigned a number of equivalent dwelling units based on an estimate of the amount of collectible municipal waste hauled from that property divided by the amount of collectible municipal waste hauled from a typical residential dwelling unit. This number shall be set, from time to time, by the Borough, subject to appeal to the Borough Council. In the absence of any specific action establishing equivalent dwelling units, the quarterly fee for a nonresidential property served by one or more dumpsters shall be computed on the basis of three (3) equivalent dwelling units per dumpster.

(3) **Excess Volume.** In addition to the fees payable under paragraphs (1) and (2), if an owner or occupant of a property in the Borough requires the collection and disposal of collectible municipal waste generated on that property in excess of the maximum amount which the Contractor is required to collect from that property under the terms of its contract with the Borough without the payment of an additional fee to the Contractor, then the owner or occupant shall make advance arrangements with the Borough Manager for the collection of such excess, and shall pay the Borough, in advance, an amount equal to the amount which the Borough must pay the Contractor for the collection of such excess.

§ 67-702 Responsibility for Fees.

The fees imposed under this Chapter with respect to any given property shall be the joint and several responsibility of all record owners of the property, all persons in possession of the property, and all other persons producing or responsible for the existence or disposal of refuse present on such property, or for whom such refuse is removed.

§ 67-703 Billing and Collection of Fees; Penalties.

(a) **Rendering of Bills.** All bills for the fees imposed under this Chapter with respect to any given property shall be rendered at least twenty-five (25) calendar days before the due date, and are payable to the Borough at the Borough Hall. Bills shall be mailed to the address appearing on the tax records of the Borough or to the property itself, unless the owner of the property designates a different address from time to time. Each owner shall provide the Borough with, and thereafter keep the Borough advised of, the owner's current and correct address. The failure of any person to receive a bill shall not be considered an excuse for nonpayment, nor shall such failure result in an extension of the period of time during which the net bill shall be payable.

(b) **Due Date.** Bills shall be due each January 31, April 30, July 31, and October 31 for services rendered during the most recently ended calendar quarter, and shall also include the outstanding balance of unpaid amounts from previous bills and unpaid late payment penalties. Payments are credited on the date they are received at the Borough Hall.

(c) **Late Payment Penalties.** A late payment penalty shall be imposed if there remains an outstanding balance on any bill rendered under subsection (a) as of 12:00 noon on the sixth (6th) calendar day after the due date of that bill. The amount of the late payment penalty is fifteen percent (15%) of the outstanding balance on the bill (including amounts originally billed for previous quarters that remain unpaid, and unpaid late payment penalties) as of the time the penalty is imposed.

(d) **Collection.** If there is an unpaid balance on any bill sixty (60) days after the due date of the bill, the Borough Manager may file a civil action before the local District Justice to collect the unpaid balance, or may refer the account to the Borough Solicitor to proceed with a civil action or utilize any available procedures for the perfection of a municipal lien and collection of a municipal claim.

§ 67-704 Receipt of Fees.

It shall be the duty of the Borough Manager, *ex officio*, to receive all fees provided under this Chapter and remit them to the Borough Treasurer for deposit in Borough accounts.

Article VIII — Prohibited Acts

§ 67-801 Unauthorized Collection, etc.

It shall be unlawful for any person to collect, transport, or dispose of any refuse generated or present in the Borough in violation of this Chapter or any regulations promulgated hereunder.

§ 67-802 Outdoor Placement of Refuse.

It shall be unlawful for any person to place any refuse in any street, alley, or other public place in the Borough, or upon any private property in the Borough outside of a completely enclosed building, whether the property is owned by such person or not, unless:

(a) the refuse is placed in proper receptacles for collection which are securely tied or closed so as to prevent any enclosed materials from escaping (other than riff-raff and bound newsprint placed outside at the proper location for collection by the Borough or its Contractor no earlier than 5:00 P.M. on the day before the scheduled collection thereof); and

(b) the refuse is placed on the property with the permission of the owner of such property, or is placed in a public right-of-way at a location directed or approved by the Borough Manager or Borough Council for collection by the Borough or its Contractor, no earlier than 5:00 P.M. on the day before the scheduled collection thereof.

§ 67-803 Dumping.

(a) **Refuse Generated Off-Site.** It shall be unlawful for any person to place any refuse on any property in the Borough (or in the location designated by the Borough for the collection of refuse generated on the property) unless the refuse was generated on that property, except for—

(1) minor and incidental quantities of refuse generated by an owner or resident of the property elsewhere; and

(2) minor and incidental quantities of refuse generated by a guest or customer of the owner, resident, or operator of the property.

Accordingly, without limitation, it shall be unlawful to dump refuse in the Borough, and it shall be unlawful to transport refuse to a property in the Borough or for the owner of property in the Borough to accept refuse generated off-site, in order to reduce or eliminate any person's costs for disposing of refuse.

(b) **Recyclable Materials Generated Off-Site.**

(1) **Individual Properties.** It shall be unlawful for any person to place any recyclable materials on any property in the Borough (or in the location designated by the Borough for the collection of refuse or recyclable materials generated on the property) unless the recyclable materials were generated on that property, except for—

(A) recyclable materials authorized by the owner or possessor of the property which are being collected for recycling outside of a recycling program operated by the Borough or its Contractor;

(B) minor and incidental quantities of recyclable materials generated by an owner or resident of the property elsewhere; and

(C) minor and incidental quantities of refuse or recyclable materials generated by a guest or customer of the owner, resident, or operator of the property.

(2) **Borough Recycling Program.** It shall be unlawful for any person to place any recyclable materials generated outside of the Borough in any receptacle or at any location designated by the Borough for the collection of recyclable materials under a recycling program operated by the Borough or its Contractor.

(c) **Public Waste Receptacles.** It shall be unlawful for any person to place any refuse in any public waste receptacle in the Borough other than a minor and incidental quantity of refuse.

(d) **Exceptions.** This section shall not apply to:

(1) the placement of any recyclable materials in locations designated or authorized by the Borough for the collection of such recyclable materials, provided that such placement is in accordance with the regulations of the Borough and the person operating the recycling center; or

(2) any transfer facility licensed under the Solid Waste Management Act, 35 PA. STAT. ANN. § 6018.101 *et seq.*, and operating in conformity with all applicable requirements of Chapter 21 (relating to Zoning).

§ 67-804 Accumulations of Refuse.

It shall be unlawful for any person to allow any accumulation of refuse on any premises in the Borough of Alburtis other than for the purpose of collection in a timely manner provided or permitted by this Chapter or by any regulations promulgated hereunder. Any unauthorized accumulation of refuse on any premises is hereby declared to be a nuisance and is prohibited. Any accumulation of refuse for more than fifteen (15) days shall be presumed to be for a purpose other than collection in a timely manner.

§ 67-805 Removal of Receptacle Covers; Removal of Refuse.

It shall be unlawful for any person other than the occupants of the premises on which refuse receptacles are stored or the authorized collector of such refuse to remove the covers of any of the refuse receptacles or to remove the refuse stored in such containers.

§ 67-806 Removal of Recyclable Materials.

It shall be unlawful for any person to remove any recyclable materials from any drop-off recycling receptacle or from any curbside recycling receptacle after the receptacle has been placed in the designated or approved location for the collection of the recyclable materials, other than the authorized collector of the recyclable materials or the person operating the drop-off recycling center.

§ 67-807 Pollution of Water.

It shall be unlawful for any person to throw or deposit any refuse in any stream or other body of water.

§ 67-808 Attempted Disposal of Unacceptable Waste with Collectible Municipal Waste.

It shall be unlawful for any person to place any unacceptable waste, or any receptacle containing any unacceptable waste, in any location designated for the collection of collectible municipal waste by the Borough or its Contractor in any manner which would suggest, to a reasonable person, that the person so placing the material intends to have the Borough or its Contractor collect the material as collectible municipal waste.

§ 67-809 Adulteration of Drop-Off Recyclables.

It shall be unlawful for any person to place any materials in any drop-off receptacle designated by the Borough for the collection of one or more collectible recyclable materials by the Borough or its contractor, unless the materials so placed consist solely of those collectible recyclable materials designated for collection in that receptacle.

§ 67-810 Adulteration of Curbside Recyclables.

It shall be unlawful for any person to place any receptacle identified for participation in a curbside voluntary or mandatory recycling program of the Borough in any location designated for the collection of collectible recyclable materials by the Borough or its Contractor, unless the materials inside such receptacle consist solely of those collectible recyclable materials designated for collection in that receptacle.

§ 67-811 Diversion of Collectible Municipal Waste from the Borough Collection Program.

Except as provided in § 67-305 (relating to permits for private disposal of collectible municipal waste):

(a) It shall be unlawful for any person other than the Borough or its Contractor to collect, transport, or dispose of any collectible municipal waste generated or present in the Borough; and

(b) It shall also be unlawful for any person to arrange for the collection, transportation, or disposition, of any collectible municipal waste generated or present in the Borough by any means other than the municipal waste system operated by the Borough or its Contractor.

This section shall not apply to any refuse generated outside of the Borough and which is present in the Borough only during transportation to another location outside of the Borough.

Article IX — Enforcement

§ 67-901 Violations and Penalties.

(a) **Civil Penalty.** Any person who violates any provision of this Chapter shall be subject to a civil penalty as set forth in subsections (b) and (c). Nothing contained in this section shall be construed or interpreted to grant to any person or entity, other than the Borough, the right to commence any action for enforcement of any provision of this Chapter.

(b) **Amount of Penalty for Violations of § 67-809.** The amount of the penalty for any violation of § 67-809 (relating to Adulteration of Drop-Off Recyclables) shall be—

(1) One Hundred Fifty Dollars (\$150.00) for a first offense; and

(2) Five Hundred Fifty Dollars (\$500.00) for a second or subsequent offense.

(c) **Amount of Penalty for Other Violations of this Chapter.** The amount of the penalty for any violation(s) of this Chapter other than for violations of § 67-809 shall be—

- (3) Seventy-five Dollars (\$75.00) for a third or subsequent offense.

(d) **Initial Determination of Violation.** Council hereby delegates the initial determination of violations under this Chapter to any police officer of the Borough. The police officer shall serve notice of the violation(s) upon the person determined to have violated this Chapter in person or by first class U.S. mail addressed to that person at his/her last known address. The notice shall include a description of the violation(s), the provision(s) of the Codified Ordinances violated (*i.e.* section, subsection, paragraph, etc.), the penalty imposed for each violation, and the time for payment prior to the commencement of a civil enforcement proceeding. Service shall be complete on the date of in-person service or the date of mailing.

(e) **Civil Enforcement Proceeding.** When the penalty imposed for a violation(s) of this Chapter is not voluntarily paid to the Borough within fifteen (15) calendar days after service of the violation notice under subsection (d), the Borough Manager shall initiate a civil enforcement proceeding in the name of the Borough before a magisterial district judge (or, where applicable under Borough Code § 3321(5), 53 PA. STAT. ANN. § 48321(5), the Lehigh County Court of Common Pleas). The civil enforcement proceeding shall be initiated by complaint or by such other means as may be provided by the Pennsylvania Rules of Civil Procedure. Any person found to have violated this Chapter in the civil enforcement proceeding shall be assessed court costs and reasonable attorney fees incurred by the Borough in the proceedings, in addition to the penalty provided.

(f) **Separate Offenses.** Each day or portion of a day that a given violation exists or continues shall constitute a separate offense, and each violation of a separate section, subsection, paragraph, or other division of this Chapter shall constitute a separate offense.

(g) **Equitable Remedies.** In addition to or in lieu of enforcement of this Chapter through a civil action, the Borough may enforce this Chapter through an action in equity brought in the Court of Common Pleas of Lehigh County. The Borough Solicitor shall have authority to commence the action in equity on behalf of the Borough without explicit authorization of Council in any situation where the Solicitor or the President of Council deems it advisable to act before the next regular Council meeting.
